

Neches ISD

RETURN-TO-SCHOOL PLAN

IN RESPONSE TO COVID-19

INTRODUCTION

We have created this plan to aid in navigating the reestablishment of our school where employees, students, and families feel safe and to reduce the impact of COVID-19 conditions upon returning to the district. The guidelines referenced in this plan are based on guidance from the Texas Education Agency (TEA), Centers for Disease Control and Prevention (CDC), survey responses from parents/guardians/students. Regular updates will be made to this plan based on any updated information from TEA, CDC or local health departments. Our goal is to provide the best learning environment that resembles the day to day schedules that students enjoyed and participated in prior to Covid-19 with added precautions. This plan is a living document and will be revised as needed.

PHASES AND TIMELINES

Information and direction about the phases and timeline will be available to all employees, students, and parents before implementation. Please see below for a summary of the phases and timelines.

Phase	Timing	Items
Planning	June-August	<ul style="list-style-type: none">• Supplies, equipment• Prepare detailed work schedule for phases• Prepare building and transportation for reopen with thorough cleaning
Phase 1	June	<ul style="list-style-type: none">• Implement social distancing protocol and open facilities with limited access/use
Phase 2	July	<ul style="list-style-type: none">• Expand use of school based on recommendations and data from CDC, TEA, Texas Governor, and applicable state and local agencies
Phase 3	August	<ul style="list-style-type: none">• Open school• Expand full operation based on recommendations and data from CDC, TEA, Texas Governor, and applicable local and state agencies• Determine what restrictions/guidelines stay in place

SECTION 1: STUDENTS

VISITOR RESTRICTIONS

NISD will not allow visitors on campuses for the 1st 6 weeks, to eliminate interaction between students & visitors on campus. Only NISD employees/students are allowed on campus. After the 1st 6 weeks, NISD will evaluate the health & safety measures and review data to determine the possibility of opening the campus up to visitors.

TRAVEL RESTRICTIONS

NISD will discontinue non-essential student travel until further notice unless pre-approved by the campus principal and the superintendent. UIL travel will be determined based on information from the Texas Education Agency & University Interscholastic League.

PREVENTION MEASURES: as required by TEA

STUDENT SCREENING BEFORE SCHOOL BEGINS

To help prevent the spread of COVID-19 and reduce the potential risk of exposure, NISD will require students (parents/guardians of students) complete a self-screening survey prior to the start of the school year. This includes a temperature reading and answering a set of questions related to COVID-19 symptoms including:

- Cough
- Shortness of breath or difficulty breathing
- Chills
- Repeated shaking with chills
- Muscle pain
- Headache
- Sore throat
- Loss of taste or smell
- Diarrhea
- Feeling feverish or a measured temperature greater than or equal to 100.0 degrees Fahrenheit
- Known close contact with a person who is lab confirmed to have COVID-19

All screening information will be kept confidential.

STUDENT WEEKLY SCREENING

Daily student screenings are no longer required. Daily temperature checks are required. NISD will send out a weekly reminder on Sunday to remind parents/students to self-screen. If a student has ANY of the symptoms previously listed, we ask the parent/guardian to call the office and notify the school nurse on Monday morning before 7:45am.

TESTED POSITIVE FOR COVID-19

Individuals Confirmed or Suspected with COVID-19

1. Any individuals who themselves either: (a) are lab-confirmed to have COVID-19; or (b) experience the symptoms of COVID-19 (listed below) must stay at home throughout the infection period, and cannot return to campus until the school system screens the individual to determine any of the below conditions for campus re-entry have been met:

- o In the case of an individual who was diagnosed with COVID-19, the individual may return to school when all three of the following criteria are met:
 - i. at least three days (72 hours) have passed since recovery (resolution of fever without the use of fever-reducing medications);
 - ii. the individual has improvement in symptoms (e.g., cough, shortness of breath); and
 - iii. at least ten days have passed since symptoms first appeared.
- o In the case of an individual who has symptoms that could be COVID-19 and who is not evaluated by a medical professional or tested for COVID-19, such individual is assumed to have COVID-19, and the individual may not return to the campus until the individual has completed the same three-step set of criteria listed above.
- o If the individual has symptoms that could be COVID-19 and wants to return to school before completing the above stay at home period, the individual must either (a) obtain a medical professional's note clearing the individual for return based on an alternative diagnosis or (b) receive two separate confirmations at least 24 hours apart that they are free of COVID via acute infection tests at an approved COVID-19 testing location found at <https://tdem.texas.gov/covid-19/>.

Identifying Possible COVID-19 Cases on Campus

- Schools must immediately separate any student who shows COVID-19 symptoms while at school until the student can be picked up by a parent or guardian.
- Schools should clean the areas used by the individual who shows COVID-19 symptoms while at school (student, teacher, or staff) as soon as is feasible.
- Students who report feeling feverish should be given an immediate temperature check to determine if they are symptomatic for COVID-19.

- If you have symptoms that could be COVID19 and do not get evaluated by a medical professional or tested for COVID19, it is assumed that you have COVID19 and may not return to school until the three criteria listed above have been met.

CLOSE CONTACT EXPOSURE GUIDANCE (lab confirmed positive)

The following procedures are necessary:

1. Contact the school nurse (Kristi Braaton)
2. NISD recommends the stay at home through the 10 day incubation period and not be allowed on campus. If the individual experiences symptoms, they must stay at home until the conditions outlined below have been met.

- a. At least 3 days (72 hours) have passed since recovery (no fever without the use of fever-reducing medications); and
- b. You have improved in respiratory symptoms (cough, shortness of breath, etc); and
- c. At least 10 days have passed since symptoms first occurred

CLOSE CONTACT (DEFINED)

This document refers to “close contact” with an individual who is lab-confirmed to have COVID-19. Close contact is determined by an appropriate public health agency. For clarity, close contact is defined as:

- a. being directly exposed to infectious secretions (e.g., being coughed on while not wearing a mask or face shield); or
- b. being within 6 feet for a cumulative duration of 15 minutes, while not wearing a mask or face shield;

if either occurred at any time in the last 10 days at the same time the infected individual was infectious.

Individuals are presumed infectious at least two days prior to symptom onset or, in the case of asymptomatic individuals who are lab-confirmed with COVID-19, two days prior to the confirming lab test.

SOCIAL DISTANCING & STUDENTS

Social distancing is an effective way to prevent potential infection. NISD students will be encouraged to practice social distancing (approximately 6 feet away) in settings that can be controlled by faculty/staff. In settings that students cannot practice social distancing, students will be encouraged to wear masks. Ex. crowded hallways, buses.

- Traffic Flow – Taped lines on the floor will mark the walking direction in the building in order to maintain social distancing (as needed)
- Large gatherings will not be allowed unless social distancing can be practiced
- Restroom capacity will be evaluated

Each campus will have procedures for breakfast, lunch, recess, P.E., etc.

HYGIENE PRACTICES

Health and Hygiene Practices:

NISD will provide hand sanitizer on each school bus & encourage students to sanitize hands when they enter/exit the school bus. NISD will have sanitizer stands at all entrances & in each classroom. Students will also have access to restrooms with soap, water & paper towels to wash their hands throughout the school day.

- NISD will encourage students to wash their hands for 20 seconds at least 2 times per day (supervised for young students), in addition to being encouraged to wash hands after using the restroom and before eating.
- NISD teachers will review proper handwashing techniques with students At the beginning of the school year.
- Students will be encouraged to cover coughs and sneezes with a tissue, and if not available, covered in their elbows. Used tissues should be thrown in the trash, hands should be washed immediately with soap and water for at least 20 seconds, or hand sanitizer should be used.
- NISD will provide each classroom teacher with disinfectant (safe for use during school day) to spray each desk and other commonly-touched surfaces in classrooms between different class groups.
- Printed resources such as posters that promote protective measures and can serve as helpful reminders of best practices will be displayed throughout the buildings.

PERSONAL PROTECTIVE EQUIPMENT (PPE)

Masks: Schools are required to comply with the governor's executive order regarding the wearing of masks. NISD may require the use of masks or face shields for adults or students for whom it is developmentally appropriate (5th-12th) in areas that are crowded and students cannot practice social distancing.

STUDENT DESKS/WORK AREAS/LOCKERS

NISD will provide each classroom teacher with a bottle of cleaning spray and wipes/small towels that will be used on desks/work areas between each class. The NISD Custodial Team will rotate through and clean the outside of lockers daily.

WATER FOUNTAINS

Students are encouraged to bring their own personal water bottle to school. Water fountains will be cleaned and disinfected regularly.

SIGNAGE

Signage will be located throughout the school. Signs will serve as reminders to clean hands regularly, practice social distancing and other practices to ensure the health & safety of students.

FOOD DELIVERY

Bringing or sharing food will be prohibited in order to limit the risk of contamination. Food deliveries must be dropped off in the office.

BUS PROTOCOLS

Bus drivers & maintenance staff must disinfect the buses at a minimum:

1. Right before starting a route to pick up students
2. Right after the morning and afternoon routes

*A checklist with the initials of the will be turned in daily to document cleaning.

Bus drivers will follow the employee protocol for daily self screenings.

Each rider will be directed to sanitize their hands when they enter/exit the bus.

Masks may be worn if social distancing is not possible.

DROP OFF/PICK UP PROCEDURES

Buildings will be closed to all visitors at the beginning of the year. This includes parents entering the buildings in the mornings and afternoons. Students must be dropped off & picked up in designated areas on each campus. Each campus principal will be responsible for designating areas for students. If a parent needs to drop a student off after school has started please come to the office with your child. If a parent needs to pick a student up early, the parent will need to come to the office and sign the child out.

CAFETERIA AND MEAL PERIODS

Students may bring their own meals or be served individually plated meals in the gyms or other areas instead of the cafeteria or students will be spaced throughout the cafeteria to create distance between students. This will be determined based on schedules and available space per campus. Each campus will develop plans to feed students and social distancing practices. NISD uses disposable food service items.

MODIFIED ARRANGEMENTS

Space seating/desks at least 6 feet apart when feasible.

Turn desks to face the same direction, or have students sit on only one side of tables, spaced apart.

Create distance between children on school buses when feasible. Students will be asked to wear masks on buses when social distancing is not possible.

Provide physical guides, such as tape on floors or sidewalks and signs on walls, to ensure that staff and children are reminded to practice social distancing when necessary.

SOCIAL-EMOTIONAL WELL-BEING OF STUDENTS

The district counselor will provide resources for parents and teachers to access. The counselor will work with students individually or in small groups to address any well-being needs.

NURSE

1. The nurse's office will be divided into a well clinic and sick clinic. The sick child area will contain an isolation area.
2. Daily Medications will be delivered to the student by the nurse if at all possible. If there is a conflict, the student will come to the nurse's office for medication.
3. All minor injuries will be treated in the classroom by the classroom teacher to slow down the traffic in the nurse's office. Each classroom will be equipped with a small amount of bandages and gloves. The nurse can be called to the classroom, if needed.
4. All COVID suspected illnesses will be sent to the nurse immediately for assessment. Nurse will don appropriate PPE before assessing the student. Nurse will contact the parent if deemed necessary.
5. Parents will need to contact the nurse on your student's campus to schedule a time to drop off medication.

COMMUNICATION METHODS

*Parent/guardian contact information (phone numbers & email addresses) must be up to date.

To stay updated on the most up-to-date information:

1. Email
2. Webpage @nechesisd.com
3. Google Classroom
4. ZOOM

SECTION 2: FACULTY / STAFF

FACULTY/STAFF TRAINING

1. **Pre-return to school training**
Presented remotely (if needed) to ensure understanding and preparedness to align with this manual
2. **First Day Training/Orientation**

Align local protocols and procedures with this manual; meeting areas must adhere to social distancing protocols or present via digital platform.

3. Frequent reminders

Faculty/Staff will be frequently reminded of procedures and provided any updates.

It is very important that all employees understand the safety requirements, protocols, and expectations to ensure the safety and health of students & staff and prevent the spread of the virus.

We will structure the training plan to effectively disseminate information.

Content Covered:

1. All training topics can be reinforced with signage in the buildings.
2. School/District checklists
3. Disinfection Measures
4. Isolation protocols
5. Daily self-screenings
6. Cleaning Crew Protocols
7. Students procedures/routines

CLEANING

The safety of our students and staff is our first priority. Upon reopening, our schools have been completely cleaned and disinfected and we will continue to adhere to all necessary safety precautions. In addition to the deep clean of the office and school before staff and students return, the cleaning steps outlined below are to be taken to disinfect workplace surfaces, chairs, tables, etc. to protect employees and reduce the risk of spread of infection. We will require employees to maintain this safety standard by continuously cleaning and disinfecting based on the frequency stated below.

GENERAL DISINFECTION MEASURES

Category	Area	Frequency
Workspaces	Classrooms, Offices	Teachers will spray & wipe down all desks in between class rotations At the end of each day all classrooms will be sprayed and student surfaces wiped down
Appliances	Refrigerators, Microwaves, Coffee Machines	Daily
Electronic Equipment	Copier machines, Shared computer monitors, TV's, Telephones, keyboards	At the end of each use/day and/or between use
General Used Objects	Handle, sinks, restrooms, commonly touched obj.	At least 3 times a day
Buses	Bus seats, handles/railing, belts, window controls	At the end of each use/day
Common Areas	Cafeteria, Library, Conference rooms, Gyms, Common Areas	At the end of each use/day; between groups

The goal is to establish a sanitary baseline before the campus opens.

PREVENTION MEASURES:

STAFF SCREENING BEFORE SCHOOL BEGINS

To help prevent the spread of COVID-19 and reduce the potential risk of exposure, NISD will require staff to complete a self-screening survey prior to the start of the school year. This includes a temperature reading and answering a set of questions related to COVID-19 symptoms.

All screening information will be kept confidential.

STAFF SCREENING DAILY

Staff will be required to self-screen daily PRIOR to arriving on campus. The self-screening will include a daily temperature check and acknowledgement that they do not have any of the above

listed symptoms. A form will be completed at the prior to school beginning that staff will adhere to daily self-screening protocol.

TESTED POSITIVE FOR COVID-19

Procedures will be the same as students.

SOCIAL DISTANCING - STAFF & STUDENTS

Social distancing is an effective way to prevent potential infection. NISD staff will be encouraged to practice social distancing (approximately 6 feet away) with other staff members. In settings that staff cannot practice social distancing, staff will wear masks. Teachers & principals will work to provide social distancing in the classrooms, to the best extent possible.

DEEP CLEANING AND DISINFECTION PROTOCOL

Deep cleaning is triggered when an active employee or student is identified as positive for COVID-19 based on testing. Deep cleaning should be performed as soon as the confirmation of a positive test, as practical. While the scope of deep cleaning is presumed to be the full site, sites may reduce the footprint to be deep cleaned if there is sufficient rationale to do so, and they gain consensus of the superintendent. Notwithstanding the above, if an active employee is confirmed to have a COVID-19 positive test, in lieu of performing deep cleaning, sites may shut down the site for a period of 72 hours to allow for natural deactivation of the virus, followed by site personnel performing a comprehensive disinfection of all common surfaces.

PREVENTIVE MATERIAL AND HYGIENE PRACTICES

1. The school district has an adequate supply of soap, disinfection, hand sanitizer, paper towels, and tissues. Inventory will be regularly updated.
2. Confirm a supply of gloves and other protective gear.
3. Touchless thermometers on-site for employee and student screening, if needed.
4. Students & staff should sanitize and/or wash hands frequently. NISD encourages staff to supervise younger students as students engage in handwashing for at least 20 seconds two times a day, in addition to washing hands after using the restroom and before eating.

RESTROOM USAGE DURING THE WORK DAY

Supplies will be provided for employees to spray disinfectant after use in staff only restrooms. Restrooms will be cleaned mid-day and at the end of each day.

TRANSPORTATION CHECKLISTS

Sanitation logs will be maintained and document each cleaning in the morning and afternoon. All surfaces must be cleaned with a disinfectant solution. Bus drivers are encouraged to wear

masks or shields at all times. The driver's temperature must be checked and documented before the start of each route.

1. Hand sanitizer will be at the entry of all buses for students to use on/off buses.
2. For routes where students sit in close proximity within the bus, students are encouraged to wear masks or face shields while on the bus.
3. When possible, windows will be open to allow outside air to circulate throughout the bus.

NURSE

See information in student section.

PERSONAL PROTECTIVE EQUIPMENT (PPE)

Masks: Schools are required to comply with the governor's executive order regarding the wearing of masks. NISD may require the use of masks or face shields for adults.

Gloves: Touching your face with contaminated hands, whether gloved or not, poses a significant risk of infection. Wearing gloves does not diminish the need to wash your hands. Please remember to wash your hands properly as it is the number-one defense against any virus. Additionally, the proper removal of gloves reduces the risk of being exposed to contamination.

Cafeteria employees, custodians, nurses will be required to wear masks and gloves while performing job duties. Other faculty/staff members will wear masks in common areas where social distancing may be difficult.

PERSONAL WORKSPACE/CLASSROOM

NISD staff will use signs (when needed) to indicate the room for sanitizing and disinfecting. Employees will disinfect their own personal workspace (teacher desk, phone, etc) throughout the day, giving special attention to commonly touched surfaces.

SHARED WORKSPACE

Employees will disinfect their own workspace throughout the day, giving special attention to commonly touched surfaces. NISD has alcohol-based hand sanitizers throughout the workplace and in common areas. Cleaning sprays and wipes are also available to clean and disinfect frequently touched objects and surfaces such as telephones and keyboards. The NISD Custodial Team will clean all workspaces at their designated cleaning time.

Please note that proper equipment such as acceptable disinfectant and PPE should be used when cleaning individual workspaces.

There will be limited access to certain workspaces to reduce exposure to risks and ensure employee safety. Workspace usage is as follows:

Capacity– NISD will be monitoring the number of employees in the offices while the risk of infection exists.

Conference Rooms– Conference rooms will be available. After use, employees must wipe down surfaces they used.

Breakrooms or Teacher Lounge/Multipurpose Room–These spaces can be used while maintaining social distancing. Employees must clean surfaces after use.

Copy Room – There will be limited access to the copy room. Employees must clean surfaces after use.

SECTION 3: ACADEMICS AND INSTRUCTIONAL OPTIONS

2020-2021 INSTRUCTIONAL OPTIONS

TRADITIONAL FACE-TO-FACE INSTRUCTION- OPTION #1

- Students will be present daily with daily routines/schedules with precautions in place
- Staff will self screen daily
- Students can participate in extracurricular activities
- District grading policy will be followed
- Enhanced cleaning procedures will be in place

DISTANCE LEARNING INSTRUCTION - OPTION #2

- Instruction will be delivered virtually
- Attendance will be taken daily based on student engagement
- Students must remain in distance learning for a grading period (6 weeks)
- Certain electives may not be available in distance learning
- Students will not be able to participate in extracurricular activities
- District grading policy will be followed

OPTION #1: TRADITIONAL FACE-TO-FACE INSTRUCTION

Students and teachers will attend class in-person, five days a week, with additional safety measures in alignment with state and federal guidelines and recommendations. In this setting, teachers will provide face-to-face instruction.

Students in face-to-face learning will attend school for the duration of the school day per the start and end times established.

- Teachers will plan instruction that is quickly and easily transferable from face-to-face to remote in the event of a temporary school closure due to COVID-19 spread.
- District-directed and campus-designed safety procedures will be implemented.
- Grades 6-12 students will be assigned schedules.

What happens if a student tests positive for COVID-19?

The student must be home for a period of 10 days due to illness.

How will I know if my child has had close contact (as defined) with a positive case?

NISD will provide notification to those that have been in close contact with a confirmed positive case.

OPTION #2: DISTANCE LEARNING INSTRUCTION - *students who choose option #2 over face-to-face instruction*

Students who choose to remain home while NISD is providing face-to-face instruction will be provided virtual instruction through a cooperative learning environment. Teachers will use ZOOM to provide live instruction.

ALL students will automatically be enrolled in traditional face-to-face learning unless a parent contacts Neches ISD in writing to request distance learning instruction by Wednesday, August 12th. Students in Pre-K - 2nd grade do not have the distance learning option.

Distance learning will be synchronous. Remote distance learning is defined as two-way, real-time, live, instruction between teachers and students through the computer or other electronic device. Students enrolled in NISD Distance Learning will be assigned a virtual class schedule and must be available for live, synchronous instruction during each school day.

Neches ISD student expectations for synchronous learning:

Students attend class on time, per their class schedule.

Students will follow Neches ISD dress code.

Students are ready to engage and learn.

Students should have a designated, distraction-free workspace to engage in learning.

Students will show their face on the screen to engage in learning.

Students will participate in the class activities, discussions, and assignments.

GRADING POLICY & ATTENDANCE

To receive credit and attendance for the courses for this school year students are expected to complete the assignments. The grading policy is located in NISD campus handbooks. Per Texas Education Code TEC, 25.092, students must attend 90% of a course in order to be awarded credit for the course and/or to be promoted to the next grade level. This requirement remains during the 2020-21 school year. Attendance is defined as engagement. Engagement is defined by TEA as; (a) progress in the district's learning management system, OR (b) progress from teacher-student each day OR (c) assignments are turned in daily.

What grading policy will be used? NISD original grading policy will be used, per Texas Education Agency. This is the policy that was used prior to COVID-19.

Can distance learners return to campus during a six weeks marking period? Distance learning students must remain in distance learning for the entire six week period.

Can distance learners participate in extracurricular activities? Distance learning students cannot participate in extracurricular activities at NISD.

Will the 90% attendance rule apply? Yes

How will attendance be determined? Daily attendance will be determined daily by live teacher/student interaction. The student must be logged in and visible for the duration of each class. Students that do not log in or leave the class early will be counted absent for the day.

What do I do if my student does not have an internet connection? NISD is not responsible for internet connections.

IN THE EVENT OF A STATEWIDE SCHOOL CLOSURE

- NISD will transition to synchronous learning.
- Instruction will be delivered virtually.
- NISD will work with families that need devices and/or do not have internet. Technology Agreements & fees are required.
- NISD grading policy will be followed. *see handbook
- Attendance will be determined by student engagement on a daily basis.

SECTION 4: EXTRACURRICULAR & DISTRICT WIDE ACTIVITIES

Participation in extracurricular activities on campus must align with UIL and non-UIL activities. Use of facilities must be done consistently with the governor's executive orders. NISD will plan for entry, exit, and transition procedures that reduce large group gatherings.

ATHLETICS

Depending on the direction of UIL requirements, and local, state, and federal regulations, NISD will make decisions on how to proceed with events and activities.

CHEER

Depending on the direction of UIL requirements, and local, state, and federal regulations, NISD will make decisions on how to proceed with events and activities. UIL will provide guidance.

AG

AG events and activities will follow the direction of local, state and federal regulations. NISD will closely monitor the area state FFA leaders to determine best practices.
