Neches Independent School District

Subject: **ANNUAL REPORT AND MANAGEMENT PLAN REVISIONS (2018)**

**This notice is furnished as required by Code 40 of Federal Regulations 763, Subpart E, Section 763.93 (g).**

ERI Consulting, Inc. of Tyler, Texas, completed the three-year reinspection on October 24, 2018. There were no significant changes in the condition of the remaining, identified asbestos-containing building materials (ACBM) from the initial inspection.

During July of 2019, ACBM was abated from Building 6 before it was demolished. At the same time, small abatements were carried out in two restricted access zones at the high school.

The management plan has been updated in accordance with the Asbestos Hazard Emergency Response Act. Copies of the inspection report and management plan update are available for inspection at the Superintendent's office during business hours.
