Good Morning Tiger nation! As I type this, a touch of fall is in the air and times are good at Neches ISD. I am currently on my 5th day on the job and I must say, things are great! As expected, this community and staff have welcomed me with open arms and made my family and I feel as if we were born and raised here.

I want to be clear to our staff and community that I understand the challenges at Neches ISD. Some of those challenges are not exclusive to NISD and some are. Nevertheless, my staff and I will work diligently to make things the best they can be for our students. My philosophy has always been and will always be "make decisions that are in the best interest of kids". It is my goal at NISD to focus our conversations more on students and less on adults. I can already tell you that the students here are amazing. They deserve every opportunity that we can possibly give them and it is my mission to do just that! I look forward to working hard with all stakeholders to keep NISD the best small school in East Texas. If you have any questions, concerns, ideas, etc. feel free to contact me anytime at (903)584-3311. I look forward to serving this community and Green has always been my favorite color!! Go Tigers!!
